Dashboard Setup**

This interface document shows how to configure and run texting notification of Dashboard Items.

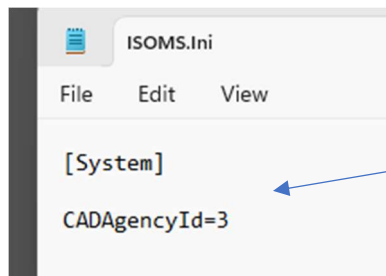

This setup is very important if the Database is Co-Mingled with other departments where there is a specific “CAD” Agency and Booking Agency.

These dashboard items are refreshed every 60 minutes, by default. With a range of 30 minutes to 2 hours. So, when someone looks at the dashboard the data could be as old as 59 minutes.

By default, the interface is turned on after every update, there is only one place to disable it for the entire database. Its on the Shared Agency Application Access Tab. It will display this field on all agencies in company setup but only be processed from the Shared Agency.

There are three (3) settings that are important for every agency in company setup, and one connected to the iSoms.INI file in the agency website folder. The defaults for the CAD Agency and Booking Agency are the 1st agency in the system. If you are the only agency in your system, it will default to your agency when doing the dashboard. You will still need to do the department selection.

A screenshot of a web application interface titled 'YOUR AGENCY'. Below the title is a subtitle 'Company Setup: View Record'. There are navigation buttons: '<< FIRST', '< PRIOR', 'NEXT >', and 'LAST >>'. The form contains various fields for agency information: Agency Name (YOUR AGENCY), Agency Short (BCSO), Agency (3), House # (1905), Direction, Street (HIGH PARK CIR), Apt/Lot #, City (MARYVILLE), State (TN), Address 2, Phone # (865-380-4600), Fax #, Email (MYAGENCYEMAIL@EMAIL.COM), Web, Department (BLOUNT COUNTY SHERIFF'S OFFICE), SSA Facility ID (TN9876), SSA Rep (1234), Clock Card Start Date (01/09/2023), and Pay Period Days (14). Below these fields are several tabs: NCIC Devices, Product Keys, Setup (selected), Addresses, Case Numbers, Interfaces, Notes, Reports, Drug Tests Employee, Drug Tests Booking, and Evidence Audits. At the bottom, there are buttons for 'CONFIGURE IP CAMERAS' and 'RESET USER LOCKOUT', and fields for 'Outbound Email' (MARTIN@MMMICRO.COM) and 'Booking Agency' (BCSO). A blue arrow points from the text in the paragraph above to the 'Department' field, and another blue arrow points from the text in the paragraph below to the 'Booking Agency' dropdown.

Below are the current dashboard items as of the creation of this document.

Dashboard-Item	Dashboard Description
BOOKING-INJAIL-AGE	Inmates Currently in Jail (by Sex)
