

CAD - Angel Track

Export Setup

Interface for Angel Track – Ems product.

You will need to contact them for the URL (which is for the EMS Agency) and password

The URL is distinct to the EMS Agency that has Angel Track

The Password is a Security Token provided by them.

To turn on the interface, in company setup, select the Angel Track Interface

Mark it Active, put in the URL on the Website Field and the Security Token on the Password Field

Then the Interface Folder (it must already exist) Save

View Interface

Interface Folder:	D:\VENDORINTERFACES\ANGELTRACK			Interface Export File:	Agency ID#:													

The interface relies on the following

For it to include the Angel Track/NEMSIS Nature you have to put in that code on each Nature in our system. Looking at below image you would put the Angel Track/NEMSIS code on the Export Field

Leaving the NEMSIS/APCO Code empty as this is for APCO's version of Codes

This fills out eDispatch.01 in the interface export file.

CLAIBORNE COUNTY 911

Maintain TenCodes: View Record

Code: 10-45 Description: ACCIDENT

Category: Short Description: Priority: PRI 1 Safety Check (Seconds): 180 Export Code: 2301069

NEMSIS/APCO Code: NEMSIS/APCO Description:

You will need to update your Priority Codes, Disposition Codes and Destination Facilities with the Angel Track/NEMSIS Code using settings on the NEMSIS Settings Tab

For Priority use the field marked as NEMSIS Export Code (1st field)

There are several other fields for eResponse 23 (and up to 4 for eResponse 24)

Nemsis Export Code: 2305001	Nemsis eResponse.23: 222301	Nemsis eResponse.24 (1): 2224001	Nemsis eResponse.24 (2): 2224001	Nemsis eResponse.24 (3): 2224015	Nemsis eResponse.24 (4):
Nemsis eDisposition.27: 4227005	Nemsis eDisposition.28:	Nemsis eDisposition.29:	Nemsis eDisposition.30:	Nemsis eDisposition.31:	

For Disposition using eDisposition 27-31

Nemsis Export Code: 2305001	Nemsis eResponse.23: 222301	Nemsis eResponse.24 (1): 4227005	Nemsis eResponse.24 (2): Nemsis eDisposition.27: 4227005	Nemsis eResponse.24 (3): Nemsis eDisposition.28: 4229011	Nemsis eResponse.24 (4): Nemsis eDisposition.29: Nemsis eDisposition.30: Nemsis eDisposition.31:
--------------------------------	--------------------------------	-------------------------------------	--	--	---

On your Ems Destinations fill out a complete address on the EMS Destination Facility tab

As well on the NEMSIS Export Codes the 1st field Export code is the Angel Track ID for the same facility.
